

Lab 注意事項

- 上機請不要和別人交談，之後不會有提醒，抓到一律 0 分，不提供補考 (請留給大家一個安靜思考的環境)
- 結束後請將電腦關機
- 有問題麻煩先翻翻看 ppt 嘗試找答案。若是問題在 ppt 中，且舉手發問，助教們會請你去找相關的 ppt，而不是直接給你答案
- Lab 常見問題我們整理在 FAQ.pptx 中，問問題前請先去翻裡面有沒有你遇到的問題，沒有再舉手發問
- 如果開了 Merge Request 之後還需要更新程式碼，請把之前的 Merge Request 先關掉之後再用同樣的 Branch (Master)開個新的

Lab Guidelines

- Please do not talk to others during the lab session. There will be no further reminders—if you are caught, you will receive a zero, and no make-up exam will be provided. (Please maintain a quiet environment for everyone to think.)
- After finishing, please shut down your computer.
- If you have questions, please first check the PPT and try to find the answer yourself. If the answer is already in the PPT and you still raise your hand to ask, the TAs may ask you to refer back to the relevant slides instead of giving you a direct answer.
- We have written common lab questions in **FAQ.pptx**. Before asking, please check whether your question is already addressed there. If not, then raise your hand to ask.
- Please close your first merge request and open a new one while you want to update your code.

Demo

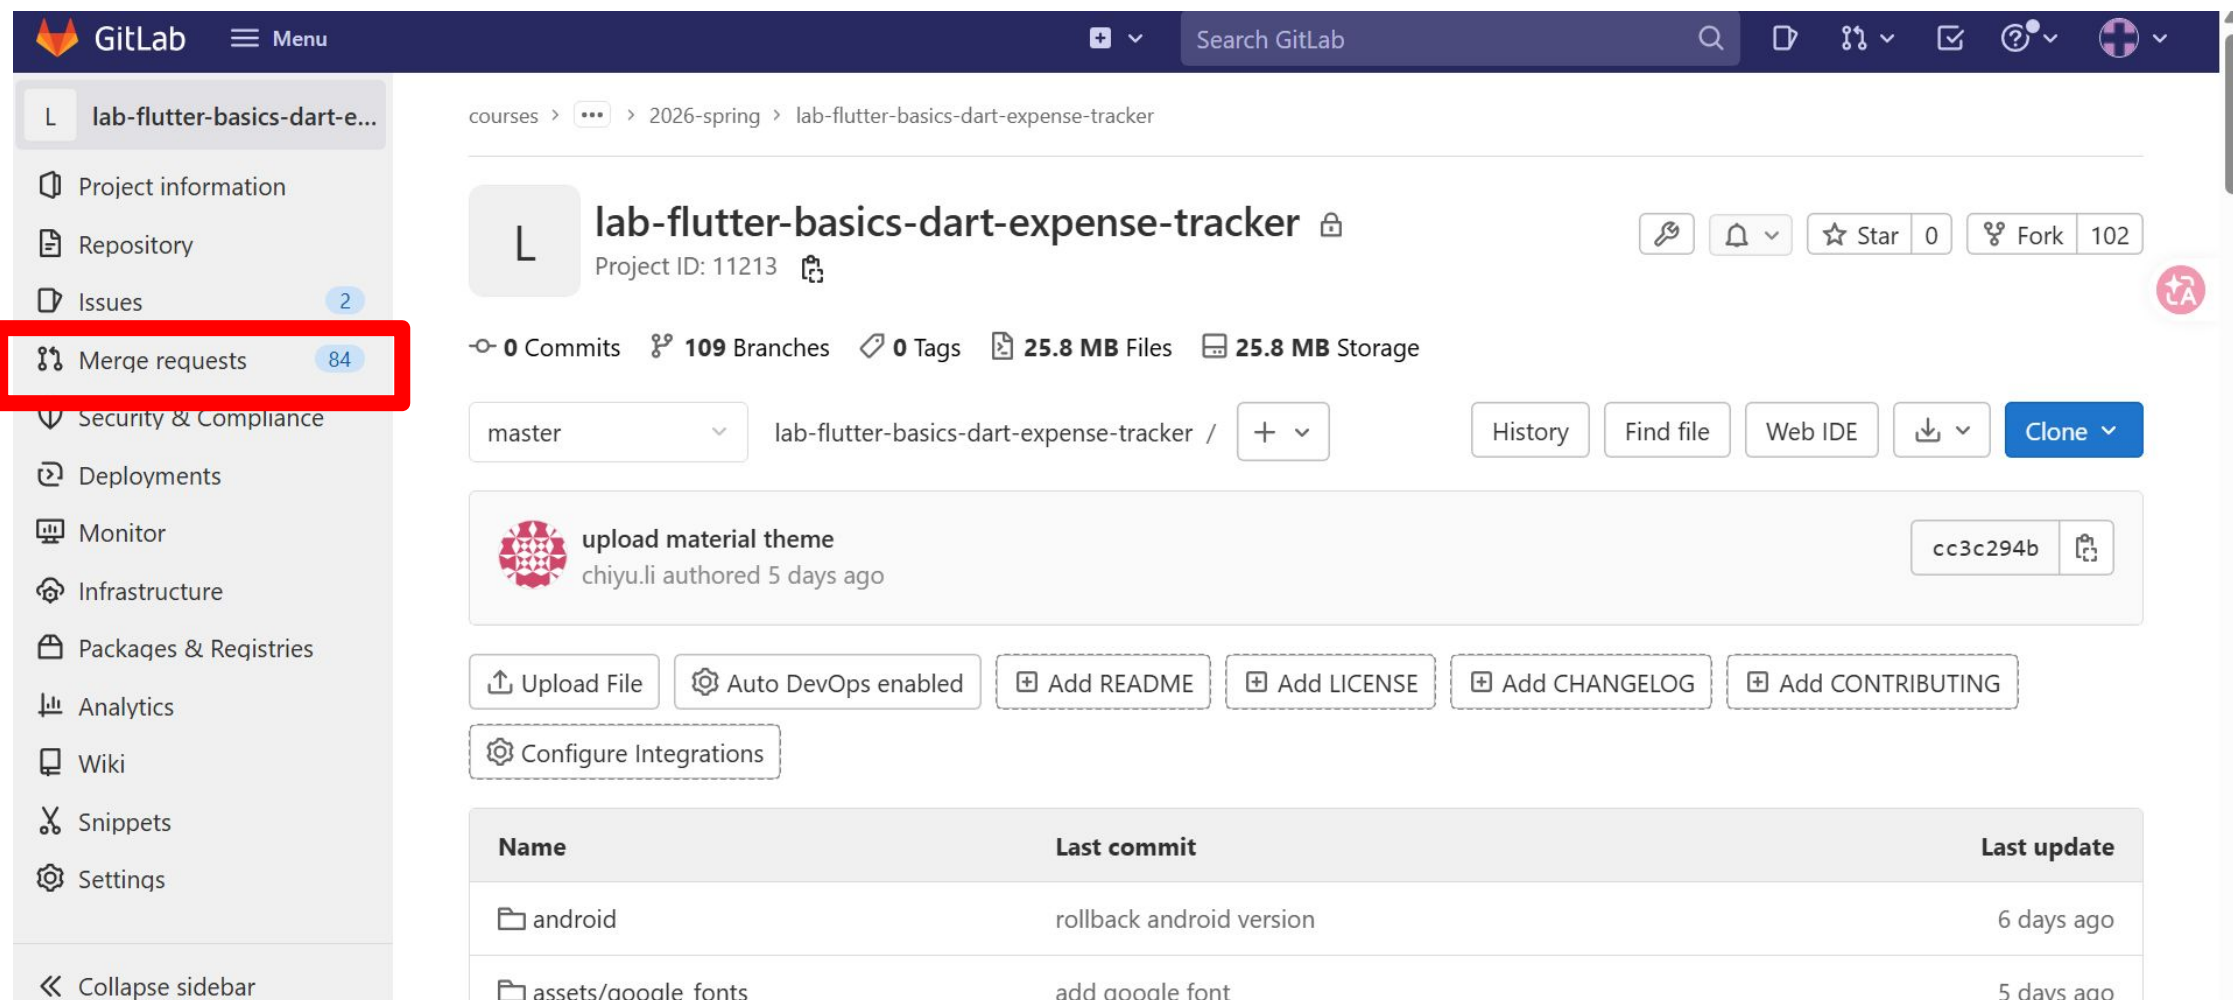

Demo 注意事項

- 請先按照底下步驟登記，我們會按照順序去 demo
- **登記前請確保自己有送出 merge request**，若是輪到你的時候我們發現沒有送，請送完後重新排隊
- 底下登記步驟僅限 demo，**有任何問題麻煩不要在那邊登記**，輪到了助教們過去也不會解決，因為還會有很多人等著 demo
- 承上，有問題請舉手

Demo Guidelines

- Please follow the steps below to register. We will conduct demos in order.
- **Before registering, make sure you have submitted your merge request.** If it's your turn and we find that you haven't submitted it, you will need to submit it first and then rejoin the queue.
- The registration steps below are only for demos. **If you have any questions, please do not register there.** When the TAs come to you, they won't be able to help because there are many others waiting for demos.
- As mentioned above, if you have questions, please raise your hand.

如何確認 merge request 有沒有成功送出

The screenshot shows the GitLab web interface for a project named 'lab-flutter-basics-dart-expense-tracker'. The left sidebar contains a menu with various project management options. The 'Merge requests' option is highlighted with a red rectangle and shows a count of 84. The main content area displays project details, including the project name, ID, and statistics. Below this, there are buttons for 'Upload File', 'Auto DevOps enabled', and adding various files like README, LICENSE, CHANGELOG, and CONTRIBUTING. At the bottom, a table lists recent commits with columns for Name, Last commit, and Last update.

有找到 → 繼續接下去的步驟
沒找到 → 重新發 merge request
If found → proceed with the next steps
If not found → resubmit the merge request

DEMO - Step 1

The screenshot displays the GitLab interface for a repository named 'lab-flutter-basics-dart-expense-tracker-parallax'. The left sidebar contains navigation links, with 'Issues' highlighted by a red rectangle. The main area shows the repository's overview, including statistics (0 Commits, 1 Branch, 0 Tags, 0 Bytes Files, 0 Bytes Storage) and a commit by 'java17' from 1 week ago. Below the commit, there are buttons for 'Upload File', 'Auto DevOps enabled', and 'Add README', 'Add LICENSE', 'Add CHANGELOG', and 'Add CONTRIBUTING'. At the bottom, a table lists the repository's files and their last commit details.

Name	Last commit	Last update
.dart_tool	java17	1 week ago
android	javaversion17	1 week ago
assets	lab05	1 week ago
img	Lab05	11 months ago
ios	Lab05	11 months ago

DEMO - Step 2

The screenshot displays the GitLab interface for the 'lab-flutter-basics-dart-e...' project. The left sidebar shows the 'Issues' section with a count of 2. The main content area shows a list of issues, with 'Demo 328' and 'Demo 326' highlighted by a red box. The issues are listed as follows:

Issue Title	Created By	Created Time	Updated Time	Comments
Demo 328	Shih-Ping Huang	4 minutes ago	1 minute ago	0
Demo 326	Shih-Ping Huang	4 minutes ago	2 minutes ago	1

DEMO - Step 3

The screenshot shows a GitLab interface for an issue titled "Demo 326". The issue is created 15 minutes ago by Shih-Ping Huang. The description asks the user to write their machine number and student ID. A red box highlights the comment area, which contains the text "填上機器編號 + 學號" and "Fill in machine number and student ID". A red warning text "不要評論別人留的東西" and "Don't click here" points to the comment area. The right sidebar shows various issue settings like Assignees, Milestone, Time tracking, Due date, Labels, Confidentiality, Lock issue, and Notifications.
